# WIRE SOLUTIONS

WE ARE YOUR TOTAL WIRE SOLUTION

State Electric Supply Co. wire management solutions are proven to be a more profitable means of wire installation. Our goal is to provide labor savings that will contribute more to your bottom line.

## Wire Management Solutions

### WIRE & COMMODITY SPECIALIST

Our Wire & Commodity Specialists work to help you find the best solution for your job to maximize productivity and savings.

### PARALLELING

We can provide wire paralleling to help you manage your waste and down time. Make your job easier by using our wire paralleling solutions.

### COLORED FEEDERS

Allowing for easy identification and installation, colored copper THHN feeders are available in a full range of colors (high & low voltage) and sizes. We are stocking #8 to 600MCM. Colored THHN & XHHW aluminum is available upon request.

### PULLING HEADS

We are certified to install crimp on pulling heads at our wire centers. These are a one-time use tool that are thrown away when the pull is complete. These tools will save countless hours in the field.

### JACK STANDS

Jack stands provide easy set up and tear down time. With technology that locks the arbor in place, these are the safest, most efficient jack stands on the market.

### REEL SOLUTIONS

Our reel solutions are a great option to use if you are limited on space. This will help save set up time and will make the wire pull safe. Contact one of our Wire & Commodity Specialists to learn more about our solutions.

### WIRE SOLUTIONS MANAGED INVENTORY

We can organize your wire inventory requirements into a kit and deliver just in time for assembly. This helps your company reduce inventory, improve productivity and control procurement cost.

### FLATBED SUPPORT SERVICES

Don't have the resources to move the reels to the jobsite? We can provide a flatbed truck to your jobsite with your reels already loaded to start your pull.

### CABLE TOOLS

Our Wire & Commodity Specialists are trained and familiar with the most recent technology in wire pulling equipment. Contact one of our Wire & Commodity specialists to put together a tool package that will benefit your needs the best.

- Cable Pullers
- Pull Slick Rope
- Jack Stands
- Material Handling Carts

## CASE STUDY

One of our local contractor's needed to pull a large amount of wire effectively and efficiently. State Electric Supply Co. provided a great solution for the customer. We paralleled color feeders on a reel, staged the material on a flatbed and then took the material to the jobsite to provide the total wire solution.

*All lines listed may not be available at all locations. Lines are subject to change and additional lines may be available.*
